

## Grommet Drapery Install Instructions

### Getting Started

Carefully read all instructions before you begin installation. Please make sure that you have your drapery hardware mounted to the wall.

### Installing Your Grommet Draperies

1. Insert your drapery pole through the grommets in an alternating S-Like manner. (Repeat for all other panels)
2. Once the draperies are in place, install the rod onto the wall mounted hardware
3. Shape out the folds to achieve desired look

### Drapery Care

Once the draperies are installed most wrinkles and folds will hang out on their own within 1 - 2 weeks. A garment / commercial steamer may also be used to help smooth out the wrinkles. Certain fabrics like silks or linens have natural characteristics that steaming won't remove.
