Classic & Back Tab Drapery Instructions

Please review all instructions before beginning installation. Unpack and sort the drapes by window.

Step 1: Rod and Drape Installation

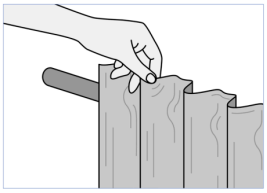

Install the hardware according to the provided instructions, leaving one finial detached. Slide the drapes onto the rod, then position the outermost tab of each panel between the bracket and finial. Reattach the finial and secure the rod.

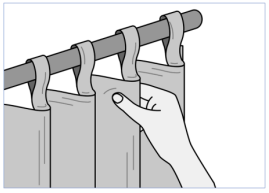

Step 2: Dressing The Drapes

Begin with the outermost tab secured between the finial and bracket. Create evenly spaced folds and adjust as needed for a tailored appearance. Dressing the drapes helps train the fabric to hold its folds. Keep the drapes open while the folds set. Lighter fabrics typically take 2-3 days, while heavier or interlined drapes may take up to 2 weeks.

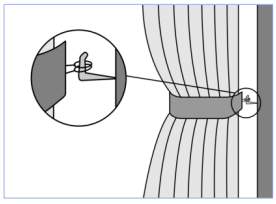

Back Tab Drapes

Classic Tab Drapes

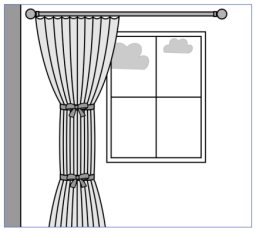

Step 3: Tying Folded Drapes

For a tailored look, use the Regal Drapes ribbons included in the packaging to tie the folds together near the top of the panel, close to the rod. While the top is secured, hand-shape the folds down the length of the drape and tie the panel at the middle and bottom. Leave the drape tied for several days to help set the folds and maintain a uniform appearance when the panel is open or closed.

Step 4: Tieback Installation (If Included)

Wrap the tieback around the drape halfway down the panel, then adjust it until you achieve the desired look. Then secure the tiebacks with the wall hooks.

DRAPERY CARE

Once the draperies are installed and dressed, most wrinkles and folds will hang out on their own within 1 - 2 weeks. A garment steamer may also be used to help smooth out the wrinkles. Please take care not to overheat the fabric while removing wrinkles. You also can use a wrinkle release spray like Downy© Wrinkle Releaser.

Certain fabrics, like silks or linens, have natural characteristics that steaming will not remove. If the drapes are dusty, simply vacuum over them using an upholstery attachment. For stubborn stains or an overall deep cleaning, we recommend using a professional, on-site cleaning service.
