Roman Shades Installation Instructions - Outside Mount

Included Hardware

Romans Shade Width	Number of Brackets	Number of Screws	
		1 5/8" Deep Track	2 1/2" Deep Track
36" and below	2	2	4
36 1/8" to 72"	2-3	2-3	4-6
72 1/8" to 108"	3-4	3-4	6-8
108 1/8" to 144"	4-5	4-5	8-10
Over 144 1/8"	5-6	5-6	10-12

Tools Required

Cordless Drill

Screwdriver

Step Ladder

Level

Pencil

Step 1 - Mount Brackets

Note the orientation of the bracket. The top of your bracket will have the letter "V" on it.

Place the roman shade in the desired location above the window. Place the level on top of the shade and ensure that it is level. Mark a small line across the top of the Roman Shade.

Set top of bracket against the marked line and use a pencil to mark the a spot for the bracket screw. Insert the screw to secure the bracket to your wall (use anchors where studs can't be found).

Repeat for each bracket.

Step 2 - Install Roman Shade

Detach fabric from the header (Peel Velcro).

Insert the Roman Shade track into the mounting brackets (front first, then push the back of the track up towards the bracket). Once you hear a "click" the Shade will be secure.

Tension Device

The tension device aids in reducing the hazard of strangulation and entanglement of young children or pets by limiting access to the control cord.

Install the Tension Device – Anchor the Tension Device to the window frame or wall (instructions enclosed). For hollow dry wall installation use the enclosed anchors.

“Dressing” your Roman Shade

Some roman shade styles, especially those made of heavier fabrics will require “dressing” when raised or lowered. This means you may have to “train” the fabric to lay properly by hand when adjusting the shade. Over time many fabrics develop memory and will no longer require to be dressed.

Shade Care Instructions

Once the shade has been installed, any wrinkles will hang out on their own within 1 – 2 weeks. A garment or commercial steamer may also be used to help smooth out the wrinkles. Clean shade with a vacuum attachment (covered with nylon or cheesecloth).
